

ELECTRIC DUMPSTER | HTD-5E

100% electric. Zero emissions.

MAX CARRY CAPACITY
500kg

LOAD OVER HEIGHT
1.45m

MACHINE WIDTH
690mm

ZERO EMISSIONS.

The new HTD-5E is the industry's first high volume fully electric Dumpster, with zero emissions at point of use and zero compromise on performance.

IDEAL FOR ALL

We have ensured that the HTD-5E is both safe and productive, making it ideal for rental, housebuilding, landscaping, agriculture and much more.

LOW NOISE.

Low noise levels make the electric Dumpster ideal for urban areas and indoor and out-of-hours working. This also allows better communication with co-workers.

QUIETER WORKING

Operator station noise is reduced by a huge 14dB compared to the diesel model.

A FULL DAYS SHIFT.

Lithium-ion batteries power the machine for a full typical day, whilst offering two charging options: 110V, 230V to aid versatility.

QUICK CHARGING

An incredible charge time of just 73 minutes* from any standard domestic 3 pin plug.

*Charge times measured from 20-80% (Industry Standard)

SAFETY INNOVATION.

The new SmartStep feature offers increased safety and operator comfort. Stepping off isolates power to the tracks but still allows it to the skip and hydraulics.

DUEL OPERATION

Offering both walk-behind and ride-along capability, the new HTD-5E makes moving material easy for the operator both inside and out.

ZERO COMPROMISE.

The electric Dumpster has zero compromise on performance and has all the benefits of the traditional diesel equivalent.

BENEFITS INCLUDE:

- Fitting through a standard doorway with a maximum machine width of just 690mm.
- 1.45m load over directly into a skip or high sided vehicle.
- High carrying capacity of 500kg.

ELECTRIC DUMPSTER | HTD-5E

SPECIFICATION.

MODEL	HTD-5E
Part number	980/E2100
Maximum carry capacity	500kg
Unladen mass	566 kg
Machine width	690mm
Overall height (transport position)	1,105mm
Load over height	1.45m
Maximum height (tipping position)	2,700mm
Continuous power	4.5kW
Battery capacity	4.9kWh
Maximum tracking speed	3km/h

HTD-5E DUMPSTER

100% ELECTRIC, ZERO EMISSIONS

100% electric. Zero emissions.
